What If...?

We offer some of the best **CPD** around, but what if you could have someone working closely with you to design, develop, and embed a truly transformational curriculum?

Someone to save you time and money as you take your curriculum to a whole new level?

With **Jonathan Lear**, this isn't a 'what if'—it's exactly what's on offer.

There is always another way

thinking 

Meet Jonathan Lear

One of our most sought-after Associates.

Author of ***Guerrilla Teaching*** and ***The Monkey-Proof Box***, two transformative books on education.

Deputy Head at an inner-city, multicultural primary school, where his innovative approaches are changing lives.

Jonathan's groundbreaking curriculum design work demonstrates that there's always another way to create meaningful learning experiences.

What's on Offer?

A comprehensive, ongoing partnership to help your school design and embed a curriculum that:

- Builds resilience
- Encourages independent learning
- Develops problem-solving and creative thinking skills
- Drives high academic attainment

This package is for schools that want more than an off-the-shelf solution. It's tailored, transformational, and rooted in real-world application.

What's Included?

Here's what your school will receive to bring the Guerrilla Curriculum to life:

- Direct, ongoing support from Jonathan, both in school and online.
- The Guerrilla Education Resource Pack—everything you need to get started.
- Six exclusive online support videos, guiding you through the process step by step.
- A free copy of Guerrilla Teaching—Jonathan's bestseller, packed with insights.
- A free copy of The Monkey-Proof Box—another of Jonathan's influential works.
- Ongoing back-up and support from Independent Thinking, ensuring your success every step of the way.

What will you cover?

Jonathan will help your school transform in the following areas:

- Purpose and Vision: Align your curriculum with the goals that matter most.
- Sequencing and Progression: Craft a clear, cohesive learning journey.
- Curriculum Planning: Design a flexible yet structured approach to learning.
- Project Planning: Integrate real-world experiences into your curriculum.
- Subject Development: Foster depth and breadth across all subjects.
- Assessment and Beyond: Measure progress and refine your approach over time.

There is always another way

Why It Works

Jonathan's proven strategies—developed through years of hands-on experience—help schools:

- Reimagine their curriculum to better serve their children's' needs.
- Foster independent, reflective, and resilient learners.
- Integrate creativity and problem-solving into all areas of the curriculum.
